# Kindergarten Adventures

Here are a few highlights from our adventures this year. First is our field trip to the farm, where we saw many animals and played by the river. Next is Drum Club, which was great fun. Planting beans was a fun science activity. And the last is Pajama Day, a reward for good behavior.

# Family Fun February

MY FAMILY TREE

In this lesson Nursery class parents came and helped their children make a family tree with photos of their family. Super!

WE ♥ EATING  
HEALTHY FOOD

On this afternoon, JKG parents came and made a fruit salad with their children. Afterwards there was a picnic in the garden. Fun and delicious!

# Teachers' Favorite Days

This was my favorite day, because we had such a lovely time performing Travelling By for the winter show. I felt very proud.

"We all go travelling by, bye bye!"

Love, Ms. Mandy

Costume day was my favorite day, because I love costumes! We dressed up, played games, danced and enjoyed a big meal with family. Great day!

Love, Ms. Clair

I enjoyed our lesson where the children planted seeds. Learning about nature is a joy in life and watching the plants grow together is like sharing a miracle with a child. Wonderful day!

Love, Ms. Sophia
